CFK-3210 Red/Black Gateway

The Norsat CFK-3210 Red/Black Gateway provides a converged IP gateway solution for demanding environments in a compact, highly portable package. Support is provided for simultaneous Red and Black connectivity from a single gateway unit.

The CFK-3210 incorporates two Cisco routers with advanced IP Services, a protocol enhancement proxy, a modem, and encryption.

Key Features

The Norsat CFK kits are high performance integrated fly-away kits in a compact, highly portable package.

- Simultaneous Red and Black Network Access
- Cisco IOS and advanced IP services
- Front panel LED status display
- Integrated IP acceleration
- IPV6 compliant solution

Norsat Global Customer Support

All CFK kits are supported by Norsat's global customer support team, who provide assistance for a range of technical issues. Customer support may include installation, training, trouble-shooting, application support, and 24/7/365 support is available to support mission critical applications.
